| Product | N75-EA | Project | N75-EA |
| Notice Contents | | | |
| <p>Distinguished customers:</p> <p>Thank you for your long-term trust and support in Neoway products. We have established a good cooperative relationship. Neoway hereby expresses our most heartfelt thanks.</p> <p>To better serve customers, Neoway hereby iteratively upgrades the original product N720-EA. The upgraded product is N75-EA. The hardware of N75-EA is compatible with that of N720-EA, and the software AT commands of N75-EA are compatible with those of N720-EA. The upgraded product N75-EA covers more frequency bands, meeting the requirements of frequency band coverage for LTE Cat4 in Europe. Neoway will stop the promotion of N720-EA in markets outside China, and will provide better service with N75-EA for customers in markets outside China.</p> <p>For detailed technical information, refer to N75-EA related product manuals.</p> <p>At present, N75-EA modules are available.</p> <p>As a leading provider of wireless communications products and services, Neoway will conduct continuous technology and product innovation, improve service levels, and create greater value for our customers. Welcome to buy our modules.</p> <div style="text-align: right; margin-top: 20px;">  <p>Neoway Technology Co., Ltd. 2022-06-22</p> </div> | | | |
